Dear Mike,

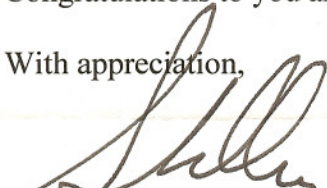

We are thrilled to learn from Dr. Wesley Fowler about the 2nd Annual Carolinas Wireless Association Golf Tournament held earlier this week at Eagle Ridge Golf Club. We are thrilled to be a recipient of this event and are very appreciative of your gift of \$12,000 to support ovarian cancer research.

As you well know, discovery is our best hope to improve the prevention, detection and treatment of cancer and UNC Lineberger has brought together a world-renown faculty intent on translating discovery into action. This is an incredibly exciting time for ovarian cancer research and the scope and pace of this leading-edge work is heavily dependent on private support.

UNC Lineberger is successful for a number of reasons. We have been a leader in the team approach to both research and patient care. We are efficient with our resources, investing wisely and strategically. But the margin of excellence is provided by you and other generous supporters.

Congratulations to you and your colleagues on your successful golf tournament!

With appreciation,

H. Shelton Earp III, M.D.
